

**REA Annual Business Meeting  
Friday, November 2, 2018  
Hyatt Regency Reston, Virginia  
Agenda**

I. Opening Remarks Mualla Selçuk, President

II. Approval of Meeting Consent Agenda

A consent agenda is a process whereby items which generally do not elicit much conversation are presented to the membership in advance of the meeting. Then, at the meeting itself, these items are clustered together in a format that makes clear that they are on the consent agenda. The chair of the meeting inquires of the membership if there are any items they would like moved from the consent agenda to the regular agenda, thus allowing for discussion of them. Any member may ask for something to be moved, and one request is all that is necessary for that movement. Any items remaining on the consent agenda are adopted in whole as they are presented. This is a mechanism that makes it possible to move through items more quickly, thus creating more room for substantial discussion of items that truly require discussion.

*Please note: all of the business meeting materials (which includes everything that is to be approved through the consent agenda) are here:*

*<https://religiouseducation.net/rea2018/business-meeting/>. These materials are formally part of the minutes as well.*
